

## UPDATES AND IMPORTANT NEWS

Volume 1

Summer Season

### Dog Park Update

It's not done yet...  
Structural integrity has been restored to the dog park and the next phase is slated to be done shortly. Please check the website for more details!

### Be a Great Neighbor

Now that it's summertime, it's super important for homeowners to maintain your yards properly. Those in the City Scapes and Townhomes, be sure to check out the covenants as to what you need to be responsible for.

It's important that all residents are aware of the covenants here to keep the Village looking beautiful and a fabulous place to live!

### Will You Be Towed?

We know it's a struggle to find a good parking spot here in the Village. Just a reminder though, try to use your garages for your vehicles (if they fit). Otherwise look for street parking or within the lined parking spots. Parking in the alleyways will get your car, or your friends/family's car, towed. As always, stay out of fire lanes as well. If the street sides are marked "no parking" these vehicles will be towed too. City streets are patrolled by Littleton. If it's marked No Parking, you may be towed by the police as well.

### Littleton and Metro District Links

Metro District Website: <http://littletonvillagemd.com/>

[www.littletongov.org/city-services/click-fix-littleton](http://www.littletongov.org/city-services/click-fix-littleton)  
Submit issues such as potholes, icy or damaged sidewalk, graffiti, missing or damaged street signs, abandoned vehicles, weeds or trash, and other code violation concerns.

<https://littletonplans.org/envisionlittleton>  
Envision Littleton is in Phase 3 which is all about the future of our beautiful City. The Joint Leadership of City Council and Planning Commission met on Tuesday, April 23 to discuss both the mission and goals for our transportation system as well as how we think about community character for the next 10-20 years.

### Staying Safe

Here are a few great ideas to keep you and your home safe!

There are a lot you can do to keep you, your house and your belongings safe besides adding security systems to your homes. Here's just a few great tips to start you out. Be sure to check out the new Facebook Page (ran by Village Residents!) with more tips.

- ✔ Keep your garage door shut.
- ✔ Be extra cautious when you go out of town.
- ✔ Close your windows and blinds at night.
- ✔ Turn on your porch lights at Night
