LITTLETON VILLAGE METROPOLITAN DISTRICT NO. 2
2024 BUDGET MESSAGE
SUMMARY OF SIGNIFICANT ASSUMPTIONS

Disclosures contained in this summary as presented by the Directors, are those that are believed to be significant to the accompanying budgets but are not intended to be all-inclusive. The disclosures are intended to describe assumptions used during the preparation of the 2024 annual budgets. Actual results may differ from the prospective and budgeted figures contained in the budgets.

Services Provided

The District, a quasi-municipal corporation and a political subdivision of the State of Colorado, was organized by order and decree of the District Court for Arapahoe County on February 12, 2014, and is governed pursuant to provisions of the Colorado Special District Act (Title 32, Article 1, Colorado Revised Statutes). The District operates under a Service Plan approved by the City on September 5, 2006, and as modified on September 3, 2013. The District's service area is located entirely within the City of Littleton, Arapahoe County, Colorado.

The District was established to provide financing for the construction, installation, and operation of public improvements, including water, sanitation, streets, safety protection, storm drainage, and to provide covenant enforcement and design review services, and parks and recreation facilities.

On November 5, 2013, the District's voters approved an annual increase in taxes and public improvements fees of \$5,000,000 each for general operations and maintenance and \$40,000,000 for payment due pursuant to intergovernmental agreements (IGA). The District also approved general obligation indebtedness of \$40,000,000 for each of the following: street improvements, parks and recreation facilities, a potable and non-potable water supply, a sanitation system, a transportation system, mosquito control facilities, traffic and safety controls, fire protection, television relay and translation system, security services, and debt refinancing. Additionally, the District's electors authorized the District to collect, retain and spend all revenue annually, other than ad valorem taxes, without regard to limitations under TABOR.

The District's service plan limits the total debt issuance to \$40,000,000. The Maximum Debt Mill Levy the District is permitted to impose is 50.000 mills, as adjusted, for any Debt which exceeds fifty percent of the District's assessed valuation. For the portion of any Debt which is equal to or less than fifty percent of the District's assessed valuation, either on the date of issuance or at any time thereafter, the mill levy to be imposed to repay such portion of Debt shall not be subject to the Maximum Debt Mill Levy and, as a result, the mill levy may be such amount as is necessary to pay the Debt service on such Debt, without limitation of rate.

The District prepares its budget on the modified accrual basis of accounting in accordance with the requirements of C.R.S. §§ 29-1-103 and 29-1-105 using its best estimates as of the date of the budget hearing and preliminary assessed valuations. These estimates are based on expected conditions and its expected course of actions. The assumptions disclosed herein are those that the District believes are significant to the budget. There will usually be differences between the budget and actual results because events and circumstances frequently do not occur as expected, and those differences may be material.

Revenues

Property Taxes

Property taxes are levied by the District's Board of Directors. The levy is based on assessed valuations determined by the County Assessor generally as of January 1st of each year. The levy is normally set by December 15th by certification of the County Commissioners to put the tax lien on the individual properties as of January 1 of the following year.

Revenues (continued)

Property Taxes (continued)

The County Treasurer collects the determined taxes during the ensuing calendar year. The taxes are payable by April or, if in equal installments, at the taxpayer's election, in February and June. Delinquent taxpayers are notified in August and generally sales of the tax liens on delinquent properties are held in November or December. The County Treasurer remits the taxes collected monthly to the District.

The District's Service Plan provides that the District's mill levy may be adjusted to take into account legislative or constitutionally imposed adjustments in assessed values or the method of their calculation, so that, to the extent possible, the actual revenues generated are neither diminished or enhanced as a result of such changes. Among other adjustments, a change in the ratio of actual valuation of assessable property (assessment ratio) shall be deemed a change in method of calculating assessed valuation.

The calculation of the taxes levied is displayed on the Property Tax Summary page of the budget using the adopted mill levy imposed by the District.

Senate Bill SB23B-001 among other things, designates multi-family residential real property (defined generally, as property that is a multi-structure of four or more units) as a new subclass of residential real property. For tax collection year 2024, the assessment rate for single family and multi-family residential property was changed from 6.765% to 6.70%. SB23B-001 also increases the actual value deduction for residential property from \$15,000 to \$55,000. Districts with less than 15% assessed valuation increase are eligible for backfill funding under the bill.

The District had adopted and certified a general fund mill levy equal to 10.000 mills, which will generate sufficient property tax revenue to maintain operating reserves equal to six (6) months of operating expenditures. The District has also adopted and certified a 29.800 mill levy for debt service obligations.

Specific Ownership Taxes

Specific ownership taxes are set by the State and collected by the County Treasurer, primarily on vehicle licensing within the County as a whole. The specific ownership taxes are allocated by the County Treasurer to all taxing entities within the County. The budget assumes that the District's share will be equal to approximately 6% of the property taxes collected.

Net Investment Income

Interest earned on the District's available funds has been estimated based on historical interest earnings.

Public Improvement Fees

The District collects public improvement fees (PIF) from retailers in Littleton Village Metropolitan Districts No. 2 and No. 3. The nature of the PIF is that of a fee imposed under private contract and not through the exercise of any governmental taxing authority. The PIF is applied to the sales of good at a rate of .75%, in addition to all the sales and use taxes that maybe imposed and is collected by the retailers in the District and remitted to the District within 20 days after the month end.

Maintenance Fees

The District established a maintenance fee of \$208 per quarter for each Single-Family residential unit, \$278 per quarter for each Multi-Family residential unit, \$158 per quarter for each condo/apartment unit, and \$126 per quarter for each vacant lot. The maintenance fee revenue is used for the purpose of paying direct and indirect costs related to the facilities and maintenance services.

Domestic Water Fees

The District established a domestic water fee of \$100 per quarter for each Multi-Family residential unit. The domestic water fee revenue is used for the purpose of paying the domestic water expenses paid for by the District.

Administrative Fees

The District established an administrative fee of \$2.50 per month or \$7.50 per quarter for each Multi-Family residential unit. The administrative fee revenue is used for the purpose of defraying the cost of providing administrative services provided by the District.

Transfer from District No. 3

Pursuant to the Senior Capital Pledge Agreement, entered into on June 6, 2014, and amended on September 1, 2018, between the District and District No. 3, District No. 3 is obligated to impose ad valorem property taxes for the payment of the Series 2023 Special Revenue Bonds.

Expenditures:

Treasurer's Fees

County Treasurer's fees have been computed at 1.5% of property tax collections.

Transfers

The District has budgeted transfers of \$270,000 and \$168,000 to the capital projects fund from both the general and maintenance funds in 2024, respectively. Transfer will be used to fund various capital improvements throughout the District and fund a repair and replacement reserve for future capital needs.

Maintenance Fund Expenditures

The District has budgeted 2024 maintenance fund expenditures to be \$716,500. Maintenance fund expenditures include domestic and irrigation water purchases, snow removal, landscape and hardscape repairs and maintenance, trash and pet waste removal.

Debt Service Expenditures

Principal and interest payments in 2024 are provided based upon the debt amortization schedule from the Series 2023 Bonds discussed under Long Term Debt. The District's 2024 budget includes \$100,000 of principal retirements and \$830,475 of bond interest payments relating to the Series 2023 bonds.

Lease Purchase Agreements

The District is not a party to any lease purchase agreements, nor does it contemplate entering any lease purchase transactions in 2024.

Emergency Reserves

As required by Section 20 of Article X of the Colorado Constitution ("TABOR"), the District has provided for an emergency reserve in the amount of 3% of the total fiscal year spending.

Limited Tax General Obligation Refunding Bonds, Series 2023

In December 2023, the District authorized the issuance of Limited Tax General Obligation Refunding Bonds, Series 2023 (“Series 2023 Bonds”) in the aggregate principal amount of \$18,450,000. The Series 2023 Bonds were issued for the purposes of (i) refunding all of the District’s outstanding obligations of the 2014A, 2014B, 2015 and 2018B Series Bonds and (ii) paying costs in connection with the issuance of the Bonds.

The Series 2023 bonds are limited tax general obligations, secured by and payable solely from the Pledged Revenue, consisting of the following sources: (i) all Property Tax Revenues of the District and of Littleton Village Metropolitan District No. 3’s (“District No. 3”), derived from the imposition of the Required Mill Levy (as defined in the Pledge Agreement); (ii) all Specific Ownership Tax Revenues; (iii) all PILOT Revenues (if any); and (iv) any other legally available moneys which the District determines, in its absolute discretion, to credit to the Bond Fund. The Bonds are also secured by amounts on deposit in the Reserve Fund, which is satisfied by the provision of a Reserve Policy in the amount of the Reserve Requirement issued concurrently with the Bonds.

The following is a summary of the principal and interest maturities on the Series 2023 Bonds:
